Information about Nettersheim

Part of the German-Belgian Nature Reserve, Nettersheim is located in the northern part of the Eifel hills between the Urft und Erft rivers. The municipality consists of eleven villages (Bouderath, Buir, Engalgau, Frohngau, Holzmülheim, Marmagen, Nettersheim, Pesch, Roderath, Tondorf, and Zingsheim) with a total of 8,000 inhabitants. These settlements can trace their origins back to the early Middle Ages and ? in some cases ? to Roman times. The tall church steeples and the carefully restored timber-and-stone dwellings are a picturesque attraction for visitors.
