**Details on commercial zone**

Business park Obere Brede at the A2

In the north, the Tuttenbrock Lake forms the basic framework for the development of a high-quality leisure area. It is a former quarry that has been recultivated and is used as a popular bathing lake. Commercial enterprises find a high-quality location with a very special environment here. A lunch break at the lake, the end of the day at the beach, in the fitness center or in the yoga studio - all this is possible in this area. Nearest university location: University of Applied Sciences 3 km, University of Münster 40 km.

Area type GE / GI

Specifics The site is located in the immediate vicinity of the A2 freeway Beckum exit.
